IMPORT & EXPORT ORGANIZATION INCLUDING CUSTOMS CLEARANCE

Everything from one source

THE PARTNERSHIP

«COMBI POWER»

Voigt Industrie Service (VIS) and Lamprecht Pharma Logistics (LPL) have worked out a concept of cooperation with the aim to combine both core competences. In concrete terms, this means that VIS has an internationally operating partner with LPL for the global transportation of pharmaceutical products and their imports and exports in the pharmaceutical sector, and LPL has a national and Europe-wide partner with VIS for the prewholesale business. We will thus be able to offer a «power package» of services in the future. That is why the concept development was also under the motto «combi power».

Voigt Pharma Campus Switzerland

The address for your successful pharmabusiness - office space for rent at the best location

Whether on land, water or in the air – Lamprecht Pharma Logistics Ltd. has the fitting transportation for your precious pharmaceutical cargo.

Services

Pharmaceutical transportation by truck

Lamprecht Pharma Logistics transport your goods from door to door in modern refrigerated trucks of our qualified subcontractors. Whether domestic within Switzerland or in cross-border traffic, we assign only vehicles with calibrated temperature control and highly trained drivers, whereby each transport is carefully documented with a temperature recording.

Offer: FTL, LTL, Vans, Security transports

Pharmaceutical transportation by sea

Global sea freight is developing enormously and is gaining more and more importance in pharmaceutical logistics. Thanks to Reefer containers your precious products are transported temperature controlled across the oceans.

Lamprecht Pharma Logistics organizes the loading at the shipper and the unloading. Reefer containers 20'/40' and standard box containers 20'/40' are available for shipment.

Pharmaceutical transportation by air

Air freight is the most important mode of transport in intercontinental traffic. Pharmaceutical products, as well as packaging or climatized study consignments, can be dispatched by air worldwide and temperature-controlled as per GDP Guidelines.

Whether ambient, cool or frozen - Lamprecht Pharma Logistics know the most efficient and safest transportation routes for your pharmaceutical products and offer you a customised infrastructure.
